

Regents Academy

UNIFORM OVERVIEW

From the beginning, Regents Academy has required students to wear uniforms. A uniform policy has five fundamental benefits. First, uniforms prevent the application of subjective standards of dress in the classroom. Parents, students, and teachers know that the uniform requirements meet the school's standards of modesty. Uniforms also allow our staff to focus on academic concerns.

Second, uniforms are a positive influence in the school. Regents Academy places value on a disciplined learning environment. Students learn that when they are wearing a Regents uniform, they are engaging in studious activity. Teachers have noted the advantage of uniforms in the instructional setting. This environment makes it easier for Regents to complete its primary task—the holistic education of children.

Third, uniforms encourage a community spirit in which individuality is sacrificed for the good of the group. This removes distractions related to what other students are wearing. A community mindset also sets our group of students apart from other schools, encouraging each student to operate as a part of a body, much like an athletic or military group identified by common dress.

Fourth, uniforms prepare students for life by providing them with the opportunity to submit to authorities and respect codes of conduct. Many professional environments require uniforms and specific codes of conduct. In an environment where we teach students to obey their parents and authorities, enforcing a dress code becomes a matter of discipleship.

Finally, uniforms usually decrease the cost of clothing. Uniforms from our promoted vendors are rugged and high-quality. Parents can typically purchase two to three sets of uniforms to last throughout the school year. These can often be handed down to other children. If parents are interested in purchasing or selling used uniforms, they should contact the front desk.

In Christ,
Regents Administration

Regents Academy

KPrep-4th grade Girls

SHIRT COLORS
